

SCHOOL BOARD ASKS FOR TOWN MEETING IN NOVEMBER

Facts and figures presented by Superintendent of Schools Walter Pierce at Monday night's informal meeting with Selectmen, School Finance, and Permanent Building Committees, indicated a growing need for expanded school facilities.

Research conducted by Pierce called for a 'Total Building Program' centered about the construction of a new high school.

In line with the presentation, Chairman John Brooks of the School Committee submitted a proposal to the Selectmen for a Special Town Meeting in November to resolve the high school question. Voters would be asked at that time if they wanted to go ahead with plans for building a high school.

The Total Building Program hinges on a new high school. The present high school could then be used for intermediate level students, and junior high buildings could house elementary grades. Pierce reported this would require only minor changes in present school buildings.

Based on projected enrollments, the presentation indicated an estimated 16,000 plus school students by 1978. More than 11,000 are presently enrolled.

State standards call for approximately 155 square feet per high school student which means a total of 2,600,000 square feet would be necessary for a new high school in 1978. The cost of such a building would be \$13.5 million by Pierce's figures, allowing \$50 per square foot. The target date for opening a new high school would be September 1973.

By then, there would be an estimated 3,365 children in the elementary grades including kindergarten, and more than 900 in the intermediate level.

This would necessitate 30 more elementary classrooms and eight more junior high rooms. The former figure is based on 25 pupils per room and the latter on 20 pupils per room.

Three elementary schools, Swain, Walker, and Whitfield, would be phased out of the school system due to their age and small accommodations.

Figures were also presented on the cost of building additions to present schools to handle the projected student increase. The total cost was estimated at \$12,315,000 and was broken down into figures of \$3,375,000 for elementary schools, \$1,040,000 for intermediate schools and \$7,900,000

for the present high school building. Prior to the presentation, Town Counsel Alan Altman reported that a preliminary appraisal of the Roberts Estate by an unnamed appraiser set the property value at \$125,000. Altman emphasized that the figure was only a preliminary appraisal and that a more detailed inspection of the property would be necessary should the town vote to go ahead with the building plan.

He further explained that the use of '874' funds was limited to 'current expenditures', meaning no such aid could be received for the building of a new school. This places the matter before the voters who can elect to allocate funds returned to the town from the state for the initial planning costs.

Selectman James Banda added that he thought Wilmington could expect to receive between \$15,000 and \$20,000 of \$7 million raised by the state sales tax.

Robert Michelson, Chairman of the Permanent Building Committee, raised a question concerning an alternative plan for submittal at the Town Meeting in November.

He suggested that the School Committee should spend some time devising another solution to the student population increase in the event the Townsmen rejected the Total Building Plan. He didn't think enough detail had been given to the alternative of adding on to the existing buildings.

Superintendent Pierce answered that the implementation of dual sessions could become necessary if some-

thing wasn't decided soon. This course of action was undesirable, he explained, because of the hours required by State Law in public schools, and the increased workloads for teachers and staff. Running two sessions a day would mean the first session would be held from 7:30 am to 12:30 pm and the second from 12:30 pm to 5:30 pm to cover the five hours class time required.

Another Permanent Building Committeeman, Arthur Smith, also voiced disapproval of the Total Building Program and stated that the Town had other pressing problems to contend with, such as sewerage removal. He wondered aloud if the Town could afford a new school while it was fast

becoming a swamp.

The question of building sites was raised and discussed following a report by Michelson that the Permanent Building Committee had investigated the possibility of purchasing the Allen property off Woburn Street. He said they found the property to be the source of livelihood for the owner, a racehorse trainer, and so constituted a hardship.

The Allen property was the first choice of Professor Charles Elliot, consultant to the Planning Board, because of its proximity to existing water and sewerage lines. The Roberts Estate was the choice of the School Committee.

Have You Given Yet to The Community Fund?

The fund raising campaign of the Wilmington Community Fund closes on October 10, but it is possible that a solicitor will call you after that date.

Many times the solicitor has to make several calls before finding someone home. This may make it impossible for him to cover his area within the two-week period of

the campaign. Regardless of when someone calls on you, please donate. Remember it's not an easy task going around soliciting funds.

If no one calls on you, please be good enough to mail your contribution to the WILMINGTON COMMUNITY FUND, 668 Main St. Wilmington 01887.

Cain Re-Elected to National Legislative Board

Rep. Fred F. Cain of Wilmington has returned from attending the 6th annual meeting of the National Society of State Legislators, held in Indianapolis, Indiana. He was re-elected to the Board of Governors of that organization.

The National Society of State Legislators (NSSL) is a national, bipartisan professional organization established in 1965 by legislators exclusively for legislators and is based on the premise that the quality and ability of the individual member of state legislatures determine the quality of state government. It works in behalf of state legislators to build a high level of professionalism among its members by giving them the information and tools to do the job.

No More Monday Nites at the Town Hall

Wilmington Town Hall is no longer open on Monday nights, for people who want to pay tax bills, water bills, or just gossip.

The Monday night business session has co-incided with the Selectmen's meetings for the past nineteen years.

Town Manager Sterling Morris, in a recent analysis of the work performed on Monday nights, decided that the town was paying too much money for the service which was being used by too few people.

Town Hall Office Hours, from now on, will be five days a week, from 8:30 am to 4:30 pm.

Letters

October 5, 1970

Dear Larz:

The Wilmington School Committee must be contented with themselves. They just completed their last good deed on the Agenda. Mr. Fay is now Principal at the North Intermediate School.

Is there something wrong with our school system, or are they hiring second rate teachers? Why wasn't one of our teachers considered for any of the appointments?

A complete investigation is in order to explain to the public just how this came about.

I fail to understand the logic of our School Committee. They certainly have built up an empire with no thought of ethics and fair play.

Sincerely,
Mike Walsh

Dear Mr Editor:

I would like to thank the Recreation Director, Kenneth Zucker, for showing interest in the Teenagers of Wilmington.

His first plan was to have a meeting and form a Committee of Teenagers, which I am on. He then hired a good band and he and the Committee sponsored a Dance.

This dance had a tremendous turnout and quite a few donations. What is trying to be built up is: Mr Zucker along with the committee is

going to try to get the Wesley House and make a 'Teen Drop In Coffee House Center' with many activities for the kids. I would like to congratulate Mr Zucker for getting things rolling in Wilmington!

Sincerely,
MA Bimbo

Dear Mr. Neilson:

I am must upset that a newspaper of your reputation would give someone's philosophy of vocational schools without checking the accuracy of the statement. I refer to an article printed August 27, 1970 regarding *Shawsheen Regional School Opens in September*.

"McLean has a brother who is Director-Superintendent of the Bridgewater Raynham School, who holds the traditional academic administrator's view that all vocational or technical training should come after 12 years of academic education."

This statement is in error in many respects, (1) the position title, (2) school name and (3) the statement which purports to show me as an old fashioned, know nothing academic educator who appears to hold views that would be detrimental to the vocational objectives of students under my supervision.

I would hope that in the future your fine newspaper will check more carefully such articles and print only actual facts.

Very truly yours
Ralph E. McLean

The story was written by a lady who

is professional, but not on the Town Crier's staff. Because of that it was accepted. As Mr. McLean says, the facts could have been checked. Ed.

September 22, 1970

Dear Sir:

"Traffic Supervisors won't stand in the middle of Shawsheen Avenue but for their own safety stay over near the 'slush shop' was a statement made at the Selectmen's Meeting on Monday, Sept. 14th. I would like to explain a few things to the woman who made that statement.

On Wednesday - Thursday - Friday, the first three days of school, there were at times as many as four Traffic Supervisors near the 'slush shop'. One of the four was our sergeant, who checks out any trouble spot in town, especially a new school, in order to be aware of the specific problems at that location. Two of the Supervisors were new recruits who are presently being trained, and are expected to work a few days at each location in town. On those three days they were helping to school the children to walk on the correct side of the street and in single file. The other Traffic Supervisor near the 'slush shop' was myself, the regular Traffic Supervisor at the Shawsheen School.

I stand in the middle of Shawsheen Avenue when there are children to be crossed. I also stand at the entrance of Hopkins Street, to prevent cars from entering Hopkins Street when there are children to be crossed at that location. The two crosswalks are widely spaced and it is my duty to

control both, simultaneously.

I also assist buses and motorists occasionally, however, I am not equipped with radar, and cannot check the speed at which cars are travelling.

I do not stand in the middle of Shawsheen Avenue to direct traffic, but I am in the middle of Shawsheen Ave. to direct traffic and cross the children.

Yours very truly
Priscilla Cipriani
Traffic Supervisor

Apologies to Mrs. Cipriani for having to wait for the publication of her letter. Things have been piling up on the Town Crier office for a few weeks. Ed.

Traffic Engineer to discuss Shawsheen School

Kae Krekorian, State Traffic Engineer, will attend the Selectmen's Meeting in the Town Hall next Tuesday, at the request of Town Manager Sterling Morris, to discuss traffic conditions at the Shawsheen School.

A near melodramatic meeting was held, of mothers of children at the school, and town officials, last Thursday morning, to discuss the problems. Organizers were Mrs Ann Linehan and Mrs Carole Redler. The Chief of Police, Supt. of Schools, and other officials, including Selectman Banda, were among those present.

The ladies told the Town Officials that no State Highway Safety Survey had been done at the Shawsheen School since its inception, and that the only recorded survey was in 1967.

The speed limit, at the School, the ladies said, was 35 pmiles an hour, and Mr. Krekorian has not been informed of any pending school construction.

The state regulations for speed in School Zones, the ladies said, is 20 miles an hour, but Shawsheen Avenue has not been re-designated as a School Zone. Further, it cannot be so designated until the Town Officials so request, the ladies said.

Coupled with the planned protest program was a complaint of the lack of sidewalks, not only along Shawsheen Avenue and Lake Street, but also from some ladies who live near the Tewksbury line, off Main Street.

Sidewalks are cheaper than the bussing of pupils, in the long run, Mrs. Linehan told the assembled officials. From 400 to 700 Wilmington youngsters were being bussed, because of safety factors, and some of these, she felt, would not need bussing if sidewalks were available.

Everything but the Kitchen Sink!

It is That Time of The Year Again. It is the time when Town Managers have to sit down and bargain with the unions which represent the Town Employees - or, in towns without a Town Manager, the Selectmen do the bargaining.

Town Manager Sterling Morris will probably be unable to reach an immediate bargain, and at the same time the people of Wilmington will be unable to reach him, for the next few weeks, while he devotes himself to Collective Bargaining. He must bargain with four unions, while the School Department bargains with another.

Approximately 45 employees are in the Wilmington Town Employees union, for whom the bargainer is Attorney Joseph F. Courtney of Andover Street, a former Town Manager of Wilmington.

The Public Buildings Department of the Town of Wilmington, with approximately 40 employees, is represented by the American Federation of State, County and Municipal Employees. Their agent, John H. Danielson, will represent them with the Town Manager.

The 45 members of the Wilmington Police Department, which have their own union, are to be represented by Sgt. Don Mercier, and the thirty employees in the Fire Department are being represented by Lester Smith Jr.

The Town Budget by law should be complete on the 20th of December, which means that the Town Manager should finish his bargaining before December first.

Speaking of Mr. Courtney, yesterday, the Town Manager said "He has thrown everything at us but the kitchen sink!"

INSURANCE INSIGHTS

By Lloyd Bender

What are the principles on
 which insurance rates are es-
 tablished?

An insurance company can es-
 timate in advance the probable
 losses it must bear by applying
 the law of averages or theory
 of probability. Strange as it
 may seem, a large number of un-
 certainties may be combined to
 form certainties that can be pre-
 dicted with reasonable accuracy.

For many years insurance com-
 panies have compiled statistics
 regarding the number of deaths
 of individuals. From a study
 of these figures it is possible to
 determine very nearly the exact
 number of people in a given
 group who will die each year.
 The insurance companies cannot
 accurately predict who will die.

but they can estimate how many
 will die. On the basis of these
 figures life insurance rates are
 calculated.

LET'S TAKE A CLOSER LOOK

Yes, It Is - - The Wilmington Square By-Pass

ANOTHER PUBLIC IMPROVEMENT FOR WILMINGTON
 SPONSORED BY REPRESENTATIVE FRED F. CAIN

1. Wilmington's most serious traffic
 problem and threat to public safety
 is the bottleneck at Main Street,
 from Lowell Street to Shawsheen
 Avenue - a dangerous barrier to
 Fire Trucks, Ambulances, and
 Police Cruisers, and a nuisance to
 Wilmington motorists.

2. Representative Fred F. Cain has
 arranged for all costs of engineer-
 ing, design and layout to be paid by
 Middlesex County - at NO cost to
 the Town of Wilmington - for the
 much needed By-Pass. This work
 is now underway.

3. Using County Funds, Wilmington
 needs only to acquire the Right-of-
 Way shown on the plan displayed
 above. To date Rep. Fred F. Cain
 has obtained \$350,000 in County
 appropriations for this purpose.

4. Construction costs for the by-
 pass will be paid out of state and
 federal funds - from the "Second-
 ary Highway Program" - again at
 no cost to the Town of Wilmington.

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, and after five, 658-4865. If I'm not there I'll call you.

Hello, there, all of you....And at a special conference we attended this weekend, we swiped this quote which came, we understand from the door of the Governor of New Hampshire's office....I know that you believe that you understand what I said, but I believe that you do not know what I meant....and we think this is most appropos this week, since we have a talent for not saying what we mean or having it come out in a way that it isn't what we meant....C'est la vie!

DISCOVER is the order for the Holy Name Society at St Dorothy's this week....After 7:30 am mass, Coffee Donuts will be served downstairs so that you may rediscover your fellows and the new men. Plans will be made for nominations and election of new officers....Then at an added meeting at 7:40 in the evening, you'll discover that many activities are planned for the months ahead, but cannot be completed without you....Come on now....let's get with it and DISCOVER your Holy Name Society at St Dorothy's.

The High School Student Council is sponsoring a dance in honor of the freshmen on October 10th and will feature the Odyssey Orchestra. The High School Gym from 8 to 11 pm. Admission is fifty cents and all are invited.

Hey there, it's that time....along about that time for you to be getting to us the name and address of your service men so we can get that list ready for the paper for that Christmas mailing....We have only those that are now receiving the TC, so let's get a post card and drop your favorite guy's name into the box for the Town Crier so we'll have it by the middle of October....Ya with me? Knew you were....Thanks....you know these kids are my special thing and the Clan sends them all a card....that's why none of our friends get any on account of that's where we spend the money and those fellas really appreciate them....Lots of em are carrying them when they get home....and if they don't tell me about it....their mothers do....So help, help help....Thanks again

And don't turn those Seniors down when they come to your door with the candy they have on sale for you to use on Halloween. This is for funds for their Class Treasury as we understand it.

Hey, wonder what Johnny Elia is up to....When this Chick returned to No Wilmington with a big bunch of his gorgeous Chrysanthemums....which he raised in that amazing and unique garden behind his house....she found he'd brought Ret at No Wilm Ph a big bunch also....Now....Ret did you rate that tomato and squash also?....Well, this Gal notes that she wonders who is getting the Roses? Um hm....

Kalkanajian was home for the weekend cause he got an injury while playing his favorite sport....and those two Clan Sons out on the Rock report

that Thompson's won against New Prep on Friday 5 to 1....That's my boys!

Me thinks this Gall missed that Big Box on Monday and Tuesday! Well, she tried for it on Friday....but the wrong one....not the shiney one! Sorry bout that!

That Senator Ron MacKenzie flashed his famous smile in this Town on Saturday am, and there'll be more of him showing in the next few weeks....particularly at an Open Coffee Hour sponsored by the Roc on the 19th, so that you all may talk with him and get his views....What a memory on that One....the Senator that is....A fella stopped him on the street....and Ron called that boy by name....a Bocci player from St Anthony's in North Woburn....whom he'd met while spectating that Sport the Saturday before....Wow....So mark up that date....Rocco's Restaurant on Main Street, Monday, the 19th....Come and bring a few friends and chat with the Senator.

Hear Ted Kennedy was in Town at Avco this week....and took the time to go over to say Hi to Ernie Crispo at the Anchors Away....and Mary Tedesco....both of whom are Ann Visconti's cohorts on the Democratic Town Committee....The High School gals who were waiting for the school bus on the corner at Lucci's are still swooning and the only one that isn't happy is Mabel the manager....who missed it all....

Gwen O'Brien at the Pewter Pot is this week being congratulated on the birth of her first great granddaughter, who is the daughter of her Granddaughter Donna Sullivan out west....This small one was born on October 5, 1970, which is coincidentally the birthday of another granddaughter Leanne....and this Chick wonders where they got the recipe for all of those girls....Is she ever jealous....Not that she doesn't love her fellas dearly....but she'd just like one....just one....small gal to dress up, play with, and spoil rotten....and then give back....heh! What about that one, Lin?

Fella....Did do that thing on Sunday pm....and your help showed....Thanks

THE FALL SEASON IS HERE: When the Drum Majorettes of Wilmington High School are to be seen strutting their specialties. Miss Joan Cuoco, of Wilmington High School, is shown as she curtsied to the crowd at the Football Game, in Andover

a bunch from the bottom of this Chick's heart!

Heard that the Class of 45 of good ole WHS had a Reunion on Oct 3 and there were 33 members there Mr and Mrs Ding Driscoll were the guests and Ding spoke on the Hazards of attending High School....Think we'll ask for more detail on that one, Ding....He used to be a History Teacher then, we hear....and the Reunion was organized by Harry Stewart, the Prexie and the door prizes were won by Barb White and John Irwin.

Little League needs 24 to 30 Team managers, coaches, and umpires....and you don't have to have a LL to qualify....so you guys that have been moaning about nothing to do for this community....you singles we're talking about....or young marrieds....give that Bill Fay a call at 657-7654....and tell him you will....and if you don't think that will be marrying him....just wait and see....All fooling aside....They need YOU and YOU and YOU....and if you don't know anything about baseball....the boys will teach you....So les go!

Jo O'Neal is with that Horribles Parade and called this Chick today so have you got your 'Thing' planned....8 or 80....You're in!

Mrs Harry Wood of Hillside Way is confined to Choate Hospital in Woburn with an infection and will be there for a while....So....let's go Gals....out with those cards....We're coming into winter now....and you should be recouped from the summer and the School foray....so get with it

puhleeze....Thanks, we knew you would.

Do you have an outgrown Girl Scout Uniform hanging around? Or does your small fry need one? Well then call Evelyn Lounsbury at 658-4024 and tell your woes....she's got em and she needs more....

Those Demolay boys know where it's at....Catch their Auction on Saturday, October 17 at the Masonic Hall commencing at 10:30 in the

morning....that's Rt 62 near the Fire Station....There'll be toys and other things for other elses....Refreshments and if you have some white elephant you've been saving for you don't know what call Bardens at 658-3646 or Davidsons at 658-8043 and they'll herd it away....and then you can stroll on down at 10:30 am and buy someone else's white elephant, which is what is known as a Yankee Swap with the Demolay getting the gravey....Well, can't think of anyone who works harder for it Go it, Boys....Much luck!

Now, the bending and picking isn't going so well this week....Soon as this Chick let's up on you guys and gals....the town looks like the candidate for the reclamation act....so how about it....Told ya that the boys are all busy trying to beat in the frost putting in roads and culverts (Wonder how long that Clark St will be shut off....sure is a nuisance to go all the way around....don't realize how much one travels a street in this berg until it's sut off for a week or so....and all that stuff so bend and pick....told you it was good for the waistline....and lord help those kids if I catch em with their coke and beer cans near the office....all seven feet of them....Gads....Big Joe and Yours Truly have a regular pick up party weekly....and Saturday am, we have a really big do along about 9 am in the Square....So, let's go now....S good for that waistline too, ya know!

Now, seems like this week there are several 'ladies' (We'd like the pleasure of calling them) who didn't agree with this Gal's vote at the School Committee Seance and gave her a few rude phone calls....Well, she would like to make this public statement....that she votes the way she honestly sees the picture....is under pressure from no one....and if these Ladies would like to call or come in and identify themselves, she will be glad to explain to them the whys and wherefores....because she feels definitely that this is the taxpayers business and does like to hear those views....however, she

CHARGERS SWEEP

All three of the Wilmington Pop Warner Football Squads were victorious in games played last weekend. Last Friday night, Coach Curriers' 'C' Eleven rolled to their third consecutive seasonal win, 38-8 over Medford. And in Sunday's twin bill at the High School, the 'B' Team crushed Malden 28-6 for their four straight wins, while the 'A' Squad got back in the win column dropping Lexington 36-8.

Paced by Randy Foster's four touch downs the 'C' team coasted to their win at Town Park last week. Following an interception of an errant Malden pass early in the first period Foster took a pitch from quarterback Tommy Bavita and swept right end for 29 yards and the initial score of the game. Foster rushed for the two points and an 8-0 lead. Randy's other touchdown came on runs of 23, 25, and 6 yards respectively. The fifth score came on Tommy Gillis' 3 yard plunge late in the first half. This touchdown was set up by Jack Nickerson's 30 yard punt return, setting up the Chargers in excellent field position at the Malden 13. Mark Peabody picked up four points in the win with a pair of two point conversions. The mighty midget, co-captain Richard Fiorillo ran well again to continue his fine performance of the previous two games.

Coach Larenson's 'B' Team scored early and often to build up a 28-0 half time lead en route to their fourth win without a loss in the lid lifter last Sunday afternoon. On the fourth play from scrimmage in the ball game quarterback Jim Stewart hit halfback Bob Aprile with a 51 yard scoring pass and the boys were off and running 6-0. The conversion pass failed. Some two minutes later Larry Cushing blocked a Malden punt at the 20 yard line setting up the second Charger score. This came on a 9 yard sweep by Les Peabody around right end, the conversion failed and the Chargers led 12-0.

The next score came early in the second frame when Ronnie Martin recovered an errant Malden lateral at the 25 yard line and in three running plays by Jim Peterson, the final being 6 yards off tackle, the Chargers led 18-0. Peabody rushed for the two points and upped the lead to 20-0. The final touchdown of the afternoon for the Wilmington eleven came late in the second period on a 2 yard plunge by Peabody. The drive started on the Malden 40, and took only five plays, included in the march were 11 and 9 yard passes thrown by Stewart to Aprile and Arron Brown respectively. In the second half of play, Coach Lawrenson cleared the bench as every boy saw considerable action. Malden averted a shutout scoring on a 26 yard pass play late in the final stanza.

Coach Barry's 'A' team parlayed an intercepted pass and a blocked punt into a pair of first half touchdowns and went on to post their first win in league competition. The Chargers are now 2-1-1 on the season. Early in the opening frame Dana Mullarky picked off an errant Lexington pass at the Chargers 47 and ran it back to the Lancers 36. On the first play Bob Bavota busted off tackle for an apparent score, but a personal foul penalty nullified the score pushing the Chargers back to the 47 yards line. Two plays later, Bavota took a pitch from quarterback Dan Hurley and went around left end for the score. Carl Butler rushed for the extra points and the Chargers led, 8-0.

On the first play of the second period Bavota partially deflected a Lexington punt at the Lancers 43 and in seven plays the Chargers scored the 34 before busting off tackle for three yards and a Chargers touchdown. Kraz also rushed for the extra points and the 'A' team led at half time, 16-0.

Following the second half kickoff the Chargers scored again this time they needed only two plays, a 22 yard gallop by Bavota and a 32 yard burst off tackle by Kraz for the TD. Butler rushed for the extra points and the Wilmington team was up 24-0.

Lexington closed the gap to 24-9 early in the final stanza on a 53 yard pass play. But the Chargers hit pay dirt two more times later in the quarter. With reserve quarterback John Quinno running the Club Carl Butler ran 24 yards and the fourth Chargers TD following the

Lancers score. The drive started on the Wilmington 46 and took six plays to convert. A couple of Charger penalties slowed down the drive, even their own mistakes could not take this ball game away from the 'A' team. The final touchdown came on the last play for the game as reserve back Tom Buckley ran 40 yards on a keeper to put the game on ice.

In games this weekend the 'A' and 'B' teams travel to Stoneham on Sunday for a 12:30 pm double header and the 'C' Squad plays at Newton Cabot Rams in a single game on Sunday afternoon.

Staten Island Pop Warner has extended an invitation to the Wilmington 'A' Team to a rematch on Saturday November 28, 1970 in New York.

Because of the fact that one solicitation had been made by the team this year, the cost of the trip would have to be paid for by the parents of each boy. When Rep Fred F Cain heard of this, he told the Pop Warner Parents' Representative to accept the invitation, as he would guarantee the necessary funds.

Tennis Tournament

The 1970 Wilmington Tennis Tournament wound up last weeked with some very exciting matches on two cool and windy afternoons. The doubles finals on Saturday produced four trophies for the Forest family. Jane Forest teamed with Lois Bova to defeat Judy Conant and Marilyn Farrell in a well played match 6-4 6-4. Then Husband Ray joined Jane to defeat the Conants, Bruce and Judy 6-3, 6-3. John Braciska and Ry Forest then defeated Dick Bova and Ar Aprile in a hard fought well played match 6-3, 6-6.

Sunday saw the singles finals decided in four divisions. The most exciting matches were in the junior section. The girls title went to Cathleen Wallent, 5-7, 9-7, 6-4 in a thrilling duel with her sister Rosemarie. The boys crown went to Tom Aprile, in three sets, 6-0, 5-7, 6-0 over Bob Stewart.

The womens final pitted Jane Forest and Judy Conant as the sun got lower and the wind gusted. Jane picked up still another title as she prevailed 6-3, 6-4. Ray Forest then went out to try for a clean sweep but was repulsed by steady Bud Platt, 6-2, 6-4, in a match of long and excellent rallies.

Next year, the Recreation Department and the Tennis Club hope to sponsor a series of clinics as well as a Spring Tournament, and several weekend tournaments. The response this year was very good and Director Ken Zucker along with the Tennis Club hope to see even more people out on the courts next season.

Flag Football

POP WARNER

Last Saturday night, in action abbreviated by a sudden cloudburst, the Chiefs moved into undisputed possession of first place with an exciting 20-12 win over the previously unbeaten Packers.

The Chiefs got on the scoreboard early on a Tom Gracia touchdown and conversion. The next time they had the ball, it was Charley Sullivan going in from 7 yards out and the Chiefs lead was 13-0. But the Packers weren't about to throw in the towel. Late in the half, Dan Burns scored on a long run, and it was 13-6 at the half.

The game settled down to a defensive struggle until late in the game, when Dan Burns made a spectacular juggling catch of a pass in the Chiefs' endzone, and the gap was narrowed to 13-12. However, the tying conversion try was missed and Charley Sullivan iced the game two plays later on a 42 yard sweep. Mark Foley converted and the final score was Chiefs 20 - Packers 12.

The second game of the evening, which saw the Mad Dogs leading the Raiders 7-0, will be completed at a later date, if it is decided that the results of this game will have a direct bearing on the final standings. The same holds true for the third game which never got started.

After two weeks of play, the standings look like this: Chiefs 2-0, Raiders 1-0, Packers 1-1, Hot Shots 0-1, Hackers 0-1, Mad Dogs 0-1.

Action continues this Saturday night with the Hot Shots hosting the Packers at 6 pm, the Raiders and Chiefs colliding at 6:50 pm, and the Hackers and Mad Dogs go at it at 7:40 pm.

LET'S ELECT A Responsive Man to a Responsible Job

JIM MICELI has shown that his only concern as an elected official in this town has been its people. This is the reason why

the Voters of Wilmington re-elected him to the Board of Selectmen in 1969 by the largest vote ever given to an incumbent Selectman in many years.

With your help on November 3, we can promote a man who will be truly responsive to the people . . . Elect Jim to the office of State Representative.

Miss Swain's Notebook

Mary Swain's Notebook has been bound.

Perhaps to the newer people of Wilmington this means but little, but to those who are of middle age or more, and who lived in Wilmington say thirty years ago, the fact that Mary's notebook has been bound and preserved for posterity is worthy of note.

Mary Swain was the youngest of the three Swain Sisters. "Gentle May" was the way the writer always thought of her. She was the girl who stayed home and kept the house, while her two sisters taught school.

The Three Swain Sisters. Daughters of Charles W. Swain, Civil War veteran, and the man who founded the Wilmington Public Library, they were collectively some of the finest and most graceful ladies ever to live in Wilmington.

Caroline was an eighth grade teacher and Henrietta was a fifth grade teacher.

Caroline was the girl who always became the Secretary of the Committee. She was forever at work on good projects - observance of anniversaries, etc. No one who studied under Caroline Swain, or knew her for her civic spirit, can have but fond memories of the lady.

Henrietta - she taught the fifth grade in the Walker School, back after the days of World War I, and she ran 4H projects. Sewing, home crafts, and other projects - all conducted by Miss Henrietta Swain - for a period of perhaps thirty years, maybe more.

Somehow, one didn't see May, or Mary very much. Henrietta, yes. Caroline Yes. May Swain - well, the ladies in the Ladies Benevolent Society of the Congregational Church all knew May, but the menfolks of Wilmington did not see her very much. She was a shy 'stay-at-home' - or is the writer wrong in his memories?

The Notebook

The notebook has about 200 pages. It was bound by a Waltham firm - regular book binders would not touch it. It is almost completely filled with clippings, from publications, made by May over the years, and every clipping has some connection to the Town of Wilmington.

There are dozens of clippings from

from some newspaper, which are in turn clippings of the History of Wilmington as written by the Rev. Daniel Noyes, back in 1880. There are also some facsimile signatures of Wilmington residents, in the era just after the Civil War.

There is, for instance, a signature of Lemuel Cobb Eames, who lived in the red farm house on Woburn Street opposite Wildwood Street. Mr. Eames was 'Lem' or 'Lemuel' to the farm hands and the public in general, but in the society of close friends he was

MISS MAY SWAIN, as Mary was called, photographed in the eighty-ninth year of her life, shortly before her death. Her notebook is one of the more precious items in the Wilmington Public Library.

newspapers in the 1880's, which describe (for instance) the 150th anniversary of the town - these being Woburn newspapers.

In the first few pages are clippings

Cobb. The signature in the Miss Swain Notebook is Lemuel C. Eames. It

New Home for Middlesex Bank

TWELVE STORY OFFICE BUILDING FOR MIDDLESEX BANK: Now being erected in the New England Executive Park in Burlington. Ground breaking was on September 16th. The building will be the tallest on Route 128, and will contain 110,000 square feet of office space. It will have a one story annex located next to it, and there will be parking for 400 cars.

The building is scheduled for completion in the spring of 1972. Middlesex Bank, with total resources in excess of \$215,000,000 is the largest bank in Middlesex County and the seventh largest commercial bank in Massachusetts.

COMMANDER LARRY NOEL: Being sworn in, as Commander of Post 136, American Legion. He is well known in Wilmington as one of the two men who conducted the Wilmington Little League team to the State Finals this summer.

Other officers of the local Legion post include: Robert Brown, Senior Vice Commander; Bruno Lether, Junior Vice Commander; Thomas Horton, Finance Officer; Kenneth Maynard, Asst. Finance Officer; Ralph Zwicker, Adjutant; Frank Tebeau, Chaplain, and Roland Noel, Sergeant at Arms.

would seem he was being a little stand-offish, the day he signed for that particular publication.

Later Day History

Some time about the time of World War I May Swain began to put the note book together, and it takes on a more regular order.

The browsing reader can read of the building of the new High School, in 1915 - the school which was named for Miss Swain's sisters, and is now the Swain School. That building cost the town \$35,000, which is a far cry

from the cost of school buildings today.

There are stories of the building of the Buzzell School, and the building that became the Mildred H. Rogers School. There is a story of the beginning of the Rotary Club, started by Fred F. Cain, and of the founding of the Rotary Dental Clinic, now the Dental Clinic in the High School.

The last item is a letter to the publisher of the Town Crier, in Miss Swain's handwriting, written when she was about 92 years old. It describes in part how her father was the first Librarian of Wilmington.

The letter was dated March 21, 1958.

Jewelry Talk

H. Edward King

How did the diamond come to be the symbol of everlasting love?

The Cullinane Diamond

One of the largest diamonds ever found was named the Cullinan. From it was cut four other gems. One cannot believe the weights.

All are among the British Crown Jewels. Two lesser gems, termed "Stars of Africa" weigh 92 carats and 62 carats respectively. The "Star of Africa" - 516½ carats. "Second Star of Africa" - 309 carats.

One can well imagine the tremendous size of the original Cullinan. Or is it possible to visualize such a mammoth gem? The Cullinan itself is in the British sceptre.

More pleasure is obtained from the diamonds we own. The sparkling of our engagement ring gives us joy.

Perhaps it isn't the Cullinan, but who would wish to carry that around. Ours is heavy with sentiment it "contains".

The diamonds in a wedding band are heavy too - but with love.

Yes, It is True

Representative Fred F. Cain Did VOTE IN FAVOR OF WILMINGTON

Dear Voter:

On February 25th of this year, I voted against placing a referendum question on the ballot which would result in depriving Wilmington of its own representative in the state legislature.

I believe that my chief responsibility as your state representative is to protect the interests of the Town of Wilmington and its taxpayers. If re-elected, I will continue to give priority to Wilmington.

As indicated in his advertisement of last week, my opponent, obviously, would do otherwise.

Respectfully,
Fred F. Cain
State Representative

SOME SIGNIFICANT FACTS FOR YOUR CONSIDERATION

1. The proposal to reduce the size of the Massachusetts House of Representatives would increase the population of every legislative district up to 50% - with the result that we Wilmington voters could no longer expect to be represented by our own legislator.

Similarly, powerful lobbies, such as the insurance companies, would exercise much greater influence on a smaller number of representatives.

of-town developers and public agencies to build low cost housing in Wilmington.

Cain voted against this law. However, our State Senator voted in favor of this violation of Home Rule.

Of necessity, Wilmington is All-important to its own legislator. Wilmington is far less important to a state senator, or a legislator who represents other larger cities and towns.

2. If the proposed referendum question were placed on the ballot, it would be to the advantage of the cities and very large towns to support it. Such communities would gain influence at the expense of smaller towns, such as Wilmington.

3. Consider the following set of facts. In 1969, the Wilmington Planning Board and the Board of Selectmen requested Representative Fred F. Cain to oppose legislation which would suspend our zoning, building and health laws so as to enable out-

A PUBLIC SERVICE CITATION: Was recently given to Albert J. Blackburn of Carson Avenue, from the Commonwealth of Massachusetts, for his work as a volunteer member of the Massachusetts Business Task Force for School Management. Standing in front of the Governor, who made the actual presentation, is Robert A. Chadbourne (right) of Associated Industries of Massachusetts. A.I.M. recruited the unpaid Task Force, whose recent 40,000 word report recommends methods for saving up to \$100 million a year in public school costs.

Mr. Blackburn took a three-month leave from his job as manager of systems and programming at the Radio Corporation of America (RCA) in Burlington to work fulltime on the school study.

Planning Board and TM discuss Capital Budget Items

Capital budget items were the main topic of discussion at the Planning Board meeting Tuesday night at the Town House.

Town Manager Sterling Morris appeared at the meeting to ask the Board's advice on several projects to be proposed at the tentatively scheduled Special Town Meeting in November.

Priorities have not been set on the projects although the construction of a \$13.5 million high school would seem to be foremost in the voters' minds they for or against it. The figure which will be presented to the Town will be \$13.7 million and includes land acquisition.

Other capital expenditure items to be suggested include arterial streets reconstruction with an estimated cost of \$250,000 per mile, the number of miles per year yet to be decided, and land acquisition for conservation purposes with \$25,000 allotted per year.

The growth of the Town in both a commercial and residential sense has led to the need for more traffic control signals and a downtown municipal parking lot for shopper and commuters. The latter item has an estimated cost of \$80,000.

Solid waste and garbage disposal systems, changing the water system, and extending the sewer system, are included on 'the shopping list'. A storm water drainage system project has an estimated cost of \$2 million.

The Town Manager will also propose the acquisition of a youth center and a program of cemetery and park development at the Town Meeting. The idea of using one or more elementary schools to be phased out under the proposed Total Building Program for a Youth Center was discussed and will be examined further.

Two members of the Finance Committee were present to solicit the cooperation of the Planning Board in preparing for the Special Town Meeting.

Rod Laughton and Chris Bachman asked that the Board have their financial reports ready and offered assistance in compiling budgetary items. The Finance Committee discussed

WILLIAM FAY APPOINTED TO NORTH INTERMEDIATE

The School Committee named William Fay Jr. of 12 Jere Road to the position of Principal of the North Intermediate School last Thursday at an Executive Session at the Roman House.

A life long resident of the Town of Wilmington, Bill was active in sports and school activities as a student at the Wilmington High School. From the Boys: Florence ...Dear Nancy, Just thought I'd drop you a couple of lines. Read your column all the time two or three times if I don't get any mail...I'd really be homesick if it weren't for the TC Having shore duty in Naples is quite unique. I just bought a brand new sports car (Pitalian) so do a lot of traveling around this beautiful country Just came back from seeing the Grand Prix of Italy at Maza. Say hi to everyone for me! Bill Hudson ETN 3 USN....Thanks, Bill...and it is great to hear your kind words... Music to this Gal's ears after some of the others she's had this week... Let us hear more...Wish we were on your tour...Sounds Great...

And caught it from No 2....He says there were some new tracks, but his isn't one...and he's on the Czech border we think...Anyway...he's going to Hamburg for the festival which we certainly are envious of...and we sent that coat Choag...and if it is wrong, for Crimminy Sakes send it back with tags still on...and thank the Robert Hall boys for the wrapping job, cause on of account of when I was commenting on the fact that you were such a Spoiled Brat that Ma had to get the coat here cause you couldn't find one in Germany...they insisted on wrapping it for shipment and also assured me that if you didn't like it, they'd change it when you sent it back...and who says that the people aren't behind the GI's? That's some treatment... Thank you, Robert Hall...Course this Ma knows if you do send it back...you'll freeze to death in Hamburg...but she is pretty sure you'll like the same...Got your letter and mo this am...and will get with it shortly.

The Vineyard Gazette did it again... To be happy, trust Thyself...Aristotle...and isn't that one the truth... How many of us are unhappy cause we don't or won't do our own thing cause we're afraid some one or something will make us unhappy... when it's really ourselves...Meditate on that one...Right?

We're going on a vacation to our Isle of Tranquility next week...that is Martha's Vineyard...after we write this scribble for you...we hope...and after the School Committee State Seance in Yarmouth...and make it back by the deadline the following week...if everything goes as planned So...if you get the news...call the TC or Pearlsie Baby in my office and leave your messages...and we'll do our darnedest to get organized... which the Clan will tell you is almost impossible...they still can't see how this Chick gets the column done from the Chaos of Notes...well we do know certain people that can operate on schedules...but that went along with No 3 son...then it was either the kitchen floor or Me...and this Gal came to a fast conclusion it had to be the 'Me'!

So back again next week...and meanwhile...Love ya!

Wildcats Romp 55 - 0

The Varsity erupted for 29 first period points last Saturday in its encounter at North Andover, and went on to post their second win of the young season, blitzing the Scarlet Knights 55-0.

In other conference action, Chelmsford remained tied for the lead with the Wildcats as they shut out Methuen 13-0; Dracut slammed Andover 19-0 and Tewksbury rolled over Burlington 41-6; while Billerica drubbed North Reading in non-league affair 44-0.

The Wildcats moved into an early 2-0 lead at 1:09 of the first period scoring on a safety as a punt attempt went astray with the centering pass going out of the No Andover end zone. On the first play following a free kick, halfback Dick Gillis fumbled at the Knights 35. But the North Andover team was unable to move the ball and punted out. The first play following the punt at the Knights 35, Mike Esposito took a pitch from quarterback Bill Gustus and skirted right end for the initial Wildcat Touchdown. The kick was wide and the Wildcats led, 8-0, with only 2:18 gone in the game.

The Varsity scored their second TD of the quarter some two minutes later at 4:24 as co-captain Dick Gillis busted off tackle from the North Andover 44 and into the end zone on some excellent open field running. Esposito converted and the lead was 15-0.

On the next series of downs, North Andover moved from their own 20 yard line, following Esposito's bombing kickoff into the end zone, up to the 30 and on their fifth play sophomore defensive back John Gillis intercepted an errant pass at the 31 and fled down the sideline unmoled with the third Wildcat TD of the period. Esposito placement was successful and the Varsity led 22-0 with only 6:59 in the game.

George Anderson, senior middle guard on defense, set up the next score with a recovery of North Andover fumble at the Knights 25 yard line. This error came on the initial play from scrimmage for North Andover following Gillis score. Esposito promptly busted off tackle for an 'apparent TD' only to have a holding penalty nullify the score. On the next play, the varsity jumped off-side moving the ball back to the 45 and they now faced a first and 30 situation. Billy Gustus proceeded to hit Esposito with a pass on the 25

and Espo ran the remaining distance into the end zone with his second score of the game. Senior End Jim Irwin threw a key block at the 25 to spring Esposito free down the side line. The placement was good and the Varsity ended the quarter oquarter 29-0.

Dick Gillis scored his second TD of the game early in the second period on a 15 yard scamper off right tackle. This drive took only four plays with Smallidge carrying once for nine yards. Esposito twice and Gillis once. Two penalties charged to No Andover contributed to the 47 yard touchdown march. Esposito's placement was successful and at 1:01 of the period the Varsity led 36-0.

Another pass interception by the Wildcats secondary set up the sixth Varsity TD midway in the second stanza. Sid Tildsley, a senior reserve defensive back, picked off an errant No Andover pass at the Wilmington 40 and returned it to mid-field, and a personal foul for a late hit on Tildsley by the Knights moved the ball down field and into excellent scoring position at the No Andover 35. Eight plays and two penalties later the varsity struck again. This time Esposito took a pitch from Gustus and ran in from six yards to up the lead to 32-0. Mike's kick was good and the Wildcats led at half time 43-0.

The Big Blue Machine scored a pair of TDs in the third period to finish off the Scarlet Knights completely. The seventh touchdown came on a 46 yard burst up the middle by Esposito at the 3:02 mark of the third period. The rush for the two points failed. The final score came on a seven yard pass from Steve Catalano to Dan Stygles at the 9:49 mark of the period. The drive for the eighth TD began on the No Andover 41 following a fumble recovery by junior defensive back Bob Conlin. Senior Rick Smallidge did the bulk of the carrying in the tne play drive as he made 34 of the yards in seven carries. The rush for the two points by Smallidge failed.

The Wildcats gained 301 yards on the ground compared to 152 by the Scarlet Knights. In the air, the Varsity maintained the edge 84-29. Esposito gained 125 yards in 7 tries, while Gillis made 94 in eight and Smallidge netted 43 with 8 carries. Gustus was 2 for 5 in passing for 77 yards and Catalano 1 for 3 for 7 yards. Sophomore Steve Coursey intercepted a pass on the last play of the first half and junior Ray Noel recovered a fumble late in the game as everybody did their 'thing' in the rout.

The Freshmen dropped their seasonal opener last Friday to the North Andover Frosh 8-6. As the year progresses the younger Wildcats should improve as they have the size, all that is lacking is experience, which will come in time.

Coach Gillis Jayvees shutout the No Andover junior set on Monday of this week 20-0, with John Gillis and Joe Sciarappa scoring touchdowns on short runs and Steve Coursey hitting pay dirt with a 30 yard pass for a touchdown to Art Bibeau. High lights of the game were the passing of Conlin and Coursey along with the running of Sciarappa. Defensively Steve Holloway, Conlin, and Gillis played well.

The Varsity will make its home debut this Saturday afternoon, as they play host to the Rangers of Methuen. Kickoff is listed for 1:30 pm at the High School Field. This game will be the first of three successive Saturday home games.

Registration, 1 North Suburban YMCVA Main St. W. or call 95-17.

Soccer Team

The Varsity had its eighth game unbeaten skein snapped last Thursday in their 2-0 loss to Lynn English. Coach Lentine's eleven won their last five games of last season and were 2-0-1 in games played prior to last weeks encounter with Lynn. Sophomore Ralph Decker was back in the goal, but to no avail, as the Wildcats were completely outclassed.

On Tuesday, the Varsity travelled to Andover and came out on the short end of 2-1 count. By virtue of their win the Golden Warriors remain undefeated with a perfect 50 slate. Junior Frank Simmons took over in the goal for this game and came up with 20 stops. Rick Lipski scored his first goal of the season at 14:10 of the second period to knot the score at 1-1. Seniors Hal Stewart and Lance Platt drew assists on the tying goal, but the Golden Warriors pushed across the winning goal late in the fourth period to provide the margin of victory.

The Wildcats return to action today with a Home Game at the North Intermediate Field against Lynn Classical. Kickoff is listed for 3:15 pm. The Varsity will hope to improve on its 2-2-1 score. Also on tap will be a game against No Andover on Tuesday next at the North. This originally was listed as a road game.

Cross Country

The Varsity cross country team opened its 1970 Season last week participating in a pair of conference tri-meets. On September 30, the boys travelled to No Andover, where they lost to the Scarlet Knights 33-22 and the Billerica Indians 42-19.

Rick Keane finished 3rd in the meet 17 seconds behind the leader, Bradford of Billerica. Next in order for the Varsity were: Frank McLean, Kevin Ho Chi McCormick, Ray Dudley and Dave O'Rourke. The Jayvees split their encounters, defeating No Andover while bowing to Billerica.

Last Friday in another tri-meet away from home, the Varsity won its first meet of the season, defeating Methuen 18-44 after losing to Chelmsford 19-42. Keane, McLean, Dave Irwin, McCormick, and Dudley were Wilmington's first five runners with Keane finishing fourth in the entire meet behind three Chelmsford runners. In junior Varsity competition the Wildcats whipped Chelmsford, 28-40 and Methuen 20-38 to cincrease their season record to 3 wins and a loss. Dave Barrett and Steve Gustus finished second and third respectively for the Wilmington yearlings.

The Wildcats made their home debut yesterday afternoon in a tri-meet hosting Dracut and Andover. With an open date on Friday, the boys will return to action next Wednesday at Burlington.

Helen Keller, deaf, mute, and blind is credited with saying that she would value above all other senses the sense of hearing, without which, the sound of the human voice is lost, and the deaf one engulfed in indescribable loneliness.

If you are one of the more than twenty million Americans who have subnormal hearing, confess the problem and ask for help. Many times good hearing may be restored to you.

If you are the friend of someone who is deaf, remember this: don't shout! Attract his attention first, then speak slowly and distinctly. Your words will be more easily understood, and the gulf of loneliness more easily bridged.

Case No. 58627 Misc.
COMMONWEALTH OF MASSACHUSETTS LAND COURT

(SEAL)
To all whom it may concern, and to Margaret Seeley, now or formerly of Somerville, in the County of Middlesex and said Commonwealth and Mr. Seeley, if any, or their heirs, devisees or legal representatives: Orin S. Green and Alice B. Green, or their heirs, devisees or legal representatives:

Whereas, a petition has been presented to said Court by Gaetano Bellone of Melrose, in the County of Middlesex and said Commonwealth, to establish his title under a low value deed, under the provisions of G. L., Ter. Ed., Chapter 60, Section 80-B, running to John D. Cooke, by instrument dated November 26, 1937, and recorded in the Midd. No. Dist. Registry of Deeds in Book 908, Page 438, that the petitioner now holds his title under deed from Joseph O. Mahoney and Vera I. Mahoney, dated August 27, 1968 and duly recorded with said Registry of Deeds, in Book 1856, Page 33, and to require you to show cause why you should not bring action to try any claim or claims which you may have adverse to the petitioner's title arising out of the tax proceedings under which the petitioner's title is based:

Said petition covers a parcel of land in said Town of Wilmington bounded and described as follows:
Silver Lake Gardens Plan, Lots 864 to 867 inclusive, 873, 874 in Deed dated September 30, 1935, recorded Book 873, Page 333 on September 30, 1935.
If you desire to make any objection or defense to said petition you or your attorney must file a written appearance and an answer under oath, setting forth clearly and specifically your objections or defense to each part of said petition, in the office of the Recorder of said Court in Boston, at the Court House or in the office of the Assistant Recorder of said Court at the Registry of Deeds in Lowell on or before the twenty-sixth day of October next.
Unless an appearance is so filed by or for you, your default will be recorded, the said petition will be taken as confessed and you will be forever barred from contesting said petition or from having or enforcing any claim or claims adverse to the petitioner, his heirs or assigns, in the above described land.

And in addition to the usual service of this notice as required by law, it is ordered that the foregoing citation be published forthwith once each week, for three successive weeks, in the Town Crier a newspaper published in said Wilmington.
Witness, ELWOOD H. HETRICK, Esquire, Judge of said Court this eighteenth day of September 1970.
Attest with Seal of said Court.

Real Estate Corner

By Charles B. McAweeney

Are you planning to sell your home?

We can save you much time and trouble. What are some reasons for listing your house with a broker?

Buyers who want a home usually consult real estate firms. In this way, they find which houses are on the market.

Brokers handle all paper work involved. This is quite a chore in itself!

Brokers take care of phone calls inquiring about your house. We make appointments to show your house to prospective buyers. This leaves you free hours during the day.

Suppose your house hasn't sold by your moving date? We will continue trying to sell it after you're gone.

**WATCH NEXT WEEK FOR
Improvements**

Whether a buyer or a seller, you can have complete confidence in MACK ASSOCIATES. We've been serving you for over 20 years, and offer a complete real estate service, including residential, business and commercial. Visit us soon, MACK ASSOCIATES, 415 Main St. Phone 658-2400 or 935-1200. Hours to suit your convenience.

Requirements for School Lunch Program

The School Committee has approved a memorandum by Supt. Walter H. Pievce, which seeks to provide guidelines to the "free lunch" program in the Schools of Wilmington.

The program carried out confidentially in order that children getting lunches will be unable to differentiate between those paying and those getting free tickets.

Basis for eligibility for free lunches is that a family's net adjusted income be as follows: One child \$155.00, 2 in household, \$200.00, 3 - \$250.00, 4-\$300.00, 5-\$360.00, 6-\$400.00, 7-\$445.00, 8 - \$495.00, 9 - \$545.00, 10-\$595.00.

For larger households, add \$50.00 per person in household in excess of ten.

Net income is defined as gross income less mandatory deductions for federal, state, or local taxes, OASDI, union dues, and other deductions which are mandatory and not elective on the part of the employee.

In addition, any family is eligible for public assistance if that family is unable to pay for lunches because of calamitous or extremely unusual family expenses.

Applications available at all principals' offices. A parent may receive his application by mail by requesting one from the Building Principal or the Superintendent's Office.

All information related to free lunches will be kept confidential by the school, the Superintendent has stated.

Flower Making Class

The Recreation Department will offer five one hour sessions on various types of artificial flower making techniques commencing on Oct. 20, 1970. The class will be held in Room 112 of the High School starting at 8 pm. Class nights are October 20, 27, November 10, 17, and 24.

Each class session will be devoted to a different type of flower. The participants will be instructed in materials and methods for making it and will then have an opportunity to construct several themselves.

There will be a \$1.00 registration fee for the series, payable at the first class. All materials will be furnished by the Recreation Department. Class size will be limited so come early on the 20th.

New Medicare Regulations

Beginning January 1972, Medicare patients will pay the first \$60.00 of the hospital bill. If he stays in the hospital more than 60 days, he will pay \$15 per day for the 61st through the 90th day. If he has a post hospital stay of over 20 days, in an extended care facility, he will pay \$7.50 per day toward the cost of the 21st day through the 100th day.

The increase is mandatory under the law, which requires an annual review of hospital costs under Medicare and an adjustment of the portion of the bill for which Medicare beneficiary is responsible if these costs have risen substantially.
